Date of publication of the Official Call: 16 August 2023.

Rounds of answers - 1st publish 21.08.2023; 2nd publish 05.09.2023

Ref	Date	Question	Answer
1	17.08.2023	Could you provide me with any further details on the extent of what Lot 8 seeks to achieve.	<p>Details about this Lot can be found in Annex 4 - Project Catalogue uploaded on the call for tender's webpage. You can access it at this link.</p> <p>The WP aims to develop a list with descriptions of areas where harmonisation is needed, in particular in the fields of energy efficiency and LVD, identify the core issues, develop a solution, disseminate the solution, gather lessons learnt and recommendations.</p> <p>The process for mutual visits is similar in so far, the WP aims to map best practice areas and the needs of MSAs to be addressed in the mutual visits, prioritise topics and issues, plan, prepare and execute the visits whereby 2 authorities are visited, follow up and assess and then reporting.</p> <p>If this does not answer the question, please be more precise.</p>
2	23/08/2023	<p>The objectives of the projects listed under Lot 8 would be achieved though having multiple face-to-face meetings.</p> <p>Is there sufficient budget allocated to travels?</p>	<p>There is travel budget foreseen for all partners: 3 physical meetings for each organisation.</p>
3	23/08/2023	Can the travel budget be increased to at least another physical travel for each organisation?	<p>An extra travel for each organisation can be achieved by re-shuffling some cost items in the budget of the Joint Action, without the need for an amendment to the contract.</p>
